CHAIRMAN'S REPORT

Dear members.

This year has been exceptional in quite a few ways.

The year opened with us facing change, with the Government's invitation for expressions of interest for the distributorship of the Jersey profits from the Channel Islands Lottery.

We have a long and strong track record of grant giving so dealing with this, and the resultant tender application, was a high priority for your committee.

The year passed with no appointment of a new distributor.

GRANTS

We continued with our grants programme despite lack of availability of Lottery monies, distributing £364,115 from our own reserves in order to protect ongoing funding for the sector. We approached Government to offer to distribute funds on an interim basis to enable you and also non-members to carry on your vital work. As a consequence an interim distribution of £1m was received toward the end of 2019, and a grand total of £942,836 has been awarded over the year.

As many of you may know the AJC is an active member of the Jersey Funders Group. This informal group comprises representatives of various grant-giving organisations. This collaboration has resulted in a making our various application forms much more aligned, hopefully saving applicants

AS A CONSEQUENCE AN INTERIM DISTRIBUTION OF £1M WAS RECEIVED TOWARD THE END OF 2019, AND A GRAND TOTAL OF £942.836 HAS BEEN AWARDED OVER THE YEAR.

time and effort. As the changes brought about by Covid-19 began to bite we started a central application portal, which some of you have used, hopefully to your advantage.

We organised a Grants feedback session during the year. This was conducted independently (no committee member or employee attended). Feedback was good (we came out with flying colours!) and we have acted on your suggestions. Since then we have invested in a new Grants software package to automate our process and applicants say it is easy to use.

TRAINING

As you know all our training is free to attendees. We seek your suggestions for subjects so as to best meet your needs. 22 Courses were provided during the year on a variety of topics, attended in total by well over 200 people. We also provide a consultancy service for charities, and several took advantage of this in-depth one-on-one offering. Whilst Covid-19 has put a stop to classroom-type training sessions we are adapting our training to deal with this, taking full advantage of distance learning techniques.

Grants and training are just two of our objectives. We also support and encourage charitable work in Jersey, particularly supporting our members. This includes encouraging collaboration and exchange of ideas.

WHILST COVID-19 HAS PUT A STOP TO CLASSROOM-TYPE TRAINING SESSIONS WE ARE ADAPTING OUR TRAINING TO DEAL WITH THIS.

SECTOR SUPPORT

Following feedback from you, we established some working groups to build our efforts in the fields of Advocacy (or representation), Communications and Operations.

I am pleased to report that during the year Ivo le Maistre Smith represented the Association at the Voluntary and Community Sector working group of Government and third sector representatives, and delivered a very well received report on how the Island could benefit from a unified cross-sector infrastructure, with the particular objective of Government and the third sector liaising more efficiently and working more cost effectively together. However, changes in Government representatives (and Covid-19) have, at least, slowed progress on this important initiative.

We have expanded our working groups to engage with others who have shown a particular interest in working with us. This is an ideal training ground for potential committee members and I am delighted to confirm that from those Peter Tabb has since been co-opted to join the committee. Another, yet more recent recruit, is Kevin Keen. Kevin first applied to join us two years ago, but then found himself unable, being called in another direction to deal with the situation at the JSPCA.

Over the year we engaged Jill Ryan as part time project manager, and she conducted a review of our operations. This overhaul ensures that we are fit for purpose, with up to date procedures and risk management practices.

Both Jill and our part time grant officer, Charlotte Brambilla, were also instrumental in putting together our tender for lottery distribution.

However, without the lottery funding we had no ability to offer them continued employment, and both moved on to new positions. I thank them both for all their work.

There is some good news – Jill is rejoining us, this time as a voluntary Committee member.

Other highlights of the year included the Jersey Charity Awards. This biennial event was founded by the AJC to encourage charities to appraise the work they have done and enter the competition, which culminates in an afternoon of entertainment and celebration at Government House.

By November Lyn was hosting our annual Christmas Fair, which gives members a chance to network and sell their wares to early Christmas shoppers, who are also entertained with music, and this year a choir. Father Christmas is also on hand, ably helped by his trusty elf, to hear the children's wishes.

The year ended with our registration with the Charity Commissioner. Over various discussions with him we became aware that for organisations such as the AJC he was keen to ensure that we achieved the highest standards before registration.

By the close of our financial year in March 2020 we had also achieved the change in our constitution agreed by our members at our Annual General Meeting. This enables us to continue with the name Association of Jersey Charities, and opened up membership to all charities registered in Jersey.

Your committee is keen to provide benefits which members value, so that our members, and the Association, continue to provide relevant support to the community and island of Jersey, and not only survive but thrive. To keep on track we are reviewing our strategy to keep ahead of the many changes that have beset us and changed the way we work. The most significant of these is, of course, Covid-19, which has affected us all, but may we support each other and come through better and stronger.

My thanks are due to your Committee, and to our administrator, Lyn Wilton, who is there for us all, and my sincere thanks to all our members for their continued support.

LIZ LE POIDEVIN. CHAIRMAN, 1 JULY 2020.

TREASURER'S REPORT

OVERVIEW

The Association awarded grants totalling £942,836 in the year of which well over a third, £364,115, was funded from the Association's own reserves. Of the £1million received from the 2018 lottery profits we still have £359,582 to distribute which will help fund grant awards in June and September and this forms the majority of the Association's restricted reserves. Once the remaining 2018 lottery proceeds have been awarded the Association will only have its own funds to distribute so we will be consulting members with regard to the best way to do this to ensure that the remaining funds are distributed in a manner that best works for our members.

In early 2020 we commissioned our new Smartsimple grant application software which has replaced the old paper-based application process and brought all applications into one format online. This has really streamlined the process of reviewing grant applications for our Grants Committee, which is entirely made up of volunteers, and automates the archiving of applications. So far 24 of you have applied for grants using the new system and we are pleased to report very positive feedback from grant applicants on its ease of use.

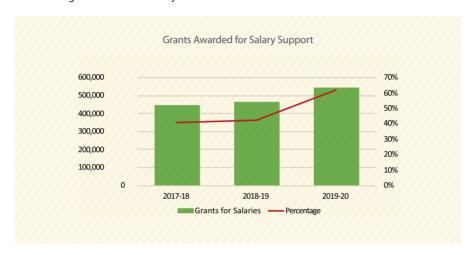

We don't look for the same level of grant application information for applications for our small grants; the Committee recently decided to increase the limit from £3,000 to £5,000 to widen the net for small grant applications and I'm please to say we approved four small grants in March, however we still have £83,000 to distribute for small grants so we will continue to encourage eligible charities to apply.

FOCUS ON... SUPPORT FOR SALARIES

Not many funders are willing to award grants for salaries, so the level of grants awarded annually for salary support continues to rise. Last year the Association funded salaries totalling an impressive £547,217 which accounted for over 60% of total grants awarded.

This is a significant increase on two years ago, when in the year ended 31 March 2018 the annual funding from the Association for salary support was £449,578, which accounted for 41% of grants awarded that year.

BALANCE SHEET

The Association's balance sheet suffered at the end of the financial year, with the impact of Covid-19 on worldwide markets resulting in a sharp drop in the value of the Association's investment portfolio. Nevertheless, at 31 March 2020 the Association had net assets of £3,332,554 with investments valued at £2,520,238, cash deposits of £1,465,860 and net liabilities (predominantly grants awarded but not yet paid out) of £653,544. However, I am pleased to report that at the time of writing the portfolio valuation seems to have recovered. I'm sure there'll be further volatility as the Covid-19

HOWEVER. I AM PLEASED TO REPORT THAT AT THE TIME OF WRITING THE PORTFOLIO VALUATION SEEMS TO HAVE RECOVERED.

pandemic continues but as we have started to draw on the Association's investments, and will be continuing to do so, it is good to know we did not have to divest when markets were at their lowest point.

Of the £3,332,554 net assets held at 31 March 2020, £551,313 is restricted and this is largely due to the remaining £359,582 of 2018 lottery profits which have been classed as restricted this year due to the terms of the SLA with Government. Also in restricted reserves is £99,515 of restricted donations for either named beneficiaries or charities meeting a specific purpose, and £92,216 of funding for sector training initiatives.

Unrestricted reserves of £2,781,241 include £975,000 that is not yet distributable, £83,000 for the small grants fund and £50,056 that has been set aside for development. This leaves £1,673,185 in free reserves to fund the Association's future grants programme in the absence of any lottery funding and we will be putting a number of options forward to the AGM in September to consult members on how best to operate the Association's grant programme going forward on a reduced level of funding.

ADMINISTRATOR'S REPORT

Once again the year has seen many changes, which our Chairman, Liz has expanded on, but of course has impacted on all of us, members and committee alike.

The first major event for us was the Jersey Charity Awards, the 5th to be held over the last 9 years. Beginning in 2011, it has evolved in parts, but once again was a wonderful day of celebration of all things 'charity'. There were 3 main categories, as in previous years, recognising excellence and outstanding achievement in each category of small, medium and large charities. The winners of each category were; new charity Healing Waves, Every Child our Future, and Aspire Charitable Trust (Beresford Street Kitchen). A new category introduced in 2017 was for an 'outstanding

contribution' by an individual/supporter of a charity, and on this occasion it was not a difficult choice to make, the inimitable Hedley Hinault – 92 year old long term volunteer for Parkinson's Disease Association

I was actually very poorly for the two weeks leading up to the event, and a massive thank you goes to Lynsey Mallinson, Jill Ryan and Charlotte Brambilla, for taking up the reins and taking it through to the event. Regrettably all 3 of these lovely ladies have now left us, but I want to make sure they get the thanks they deserve for completing it and making it another successful afternoon.

The AJC Christmas Fair was held once again in November, at St Paul's Centre this time. The AJC Christmas Fair is still a great opportunity for those charities without a retail outlet to have the chance to sell charity Christmas cards, gifts and more, and it is still popular with the public, many of whom prefer to buy Charity Christmas cards. The entertainment this year was outstanding, with the choir from Beresford Street Kitchen stealing the show! They also supplied the refreshments – there is just no end to the talents of the BSK crew.

Once again we provided many training opportunities, covering various subjects, and these are listed further on in this report, and they are provided at no cost to participants. The attendance figures for some of this training was not as well attended as we would have liked, considering the number of people working and volunteering in the sector, and it should be considered that there is always something new to learn – look on the training as Continuous Personal Development, and make a commitment to attend as much as possible in the future.

We have continued to promote your organisations, through our website, Facebook and Twitter, and through presentations taken into corporate settings. Our website continues to be well visited, by people looking for paid and unpaid work, by corporates wishing to support charities, by law firms and trust companies looking to donate to charities, so it is vitally important to keep your details up to date on our site. The news email is received by over 500 email addresses and is an extremely valuable tool to spread the word – your word mostly!

The annual returns and subscriptions continue to cause me the biggest headache in my job! Even though you all have vitally important work to do, taking a small amount of time out of your working day to deal with these is also vitally important – stakeholders need to know how to contact you, and your only commitment to us, the AJC, is to pay the small subscription fee of £15 in a timely manner, so I don't waste so much of my time chasing you. This is of course a data protection issue for us, as we cannot display incorrect information about those individuals running charities.

As this report is from 1st April 2019 to 31st March 2020, we only just tipped into the craziness of the Covid-19 pandemic, but seismic changes took place in the month of March – I don't need to tell you that. We were hugely encouraged by how the sector dealt with this, particularly our members, who found different ways to support their clients, taking their services online, diversifying, collaborating and sharing, it was truly heart-warming, and I am proud to be a part of this wonderful sector.

It is always a pleasure working with and for you all, and please get in touch any time with any issues you have. If I can't help then I know a man or woman who can!

LYN WILTON, ADMINISTRATOR, 1 JULY 2020.

MEMBER ACCOLADES AND AWARDS

Congratulations on behalf of the Association of Jersey Charities to:

 Joan Richard - MBE for Joan Richard of Jersey Cancer Relief. All at Jersey Cancer Relief are extremely proud to announce that Joan Richard has been recognised in the Queen's Birthday Honours in 2019.
 What started with the selling of Christmas cards led to a near two-decade affiliation with Jersey Cancer Relief for Mrs Richard. A former nurse, she has been made an MBE for her charitable work.

• Maison des Landes – Sure Customer Service Awards, October 2019. Congratulations to the Jersey winner of the 'Sure Special Recognition Award' - the award went to Maison des Landes Hotel who dedicate their time and energy catering for guests with disabilities, giving individuals and families a chance to have a break and a great holiday.

 Will Highfield – Sure Customer Service Awards, October 2019, Jersey Zoo, Best Service from an Individual

 Beresford Street Kitchen - Sure Customer Service Awards, October 2019. Best Service from Food & Drink.

Frank Laine and Stuart Mourant - MBE's
for two of our AJC charities people in the
Queen's New Year's honours list - Frank
Laine for services to the community
through Silkworth Lodge and The Shelter
